HE HAD NO WORK!

His Family Was Penniless and Without Food, and Driven to Desperation, Shoots Himself.

KANSAS CITY, MO., NOV. 20.—Yesterday afternoon Joseph Boyd made a desperate and probably successful effort to kill his wife and baby and ended by putting two bullets through himself, inflicting fatal wounds. The tragedy occurred in a shanty, which Boyd and his wife and child had occupied and which has one room and an attic. Boyd was a laborer, but for several weeks has been without work and his family had been penniless. None of them had any food yesterday and hunger, coupled with his inability to get work, crazed Boyd. About 3 o'clock, while his wife was nursing the baby, Boyd stole in quietly and up behind her, and, placing a revolver against her head, pulled the trigger. He then struck the child, only ten weeks old, with the butt of the pistol. It inflicted a severe scalp wound. Mrs. Boyd started to run from the house with the child in her arms, but at the doorway her infuriated husband seized and picked her and the child up bodily and threw them to the sidewalk, a dozen feet below, where she struck, stunned and unconscious. Boyd then barred all the doors and shot himself twice. He had a rope hanging from a rafter with which to strangle himself in case the pistol shot failed. He expired soon afterward.

KROTZ' CRIME.

MILWAUKEE, WIS., NOV. 20.—Herman Krotz, aged sixty-seven, last night confessed himself as the assailant of the twelve year-old daughter of Jacob Hunger and acknowledged having tried to burn his victim to death so as to destroy the proof of his guilt. Krotz has a wealthy and respected wife. He was formerly a colonel in the German army. When confronted by the child he broke down and confessed having assaulted other girls, one only ten years old.

MILLIONAIRE ROBBED.

Deeds, Mortgages and Valuable Papers Stolen From His Buggy.

CHICAGO, NOV. 20.—Millionaire John Keller, a real estate man at 256 South Halstead street, drove up in his buggy last evening to Armour & Miller's meat market, at the corner of Peoria and Fulton street. Under the buggy seat was a tin box containing deeds, notes, mortgages and other papers, valued at $100,000. Mr. Keller was in the market about fifteen minutes. When he came out he discovered that the tin box had been stolen. He notified the police of his loss. The robbers escaped.

GIGANTIC SMUGGLING.

WINNIPEG, MAN., NOV. 20.—Customs authorities of the Dominion are greatly exercised over the gigantic smuggling of staples from Sitka and Juneau into British Columbia. Gum boots, rifles, ammunition, tobacco, canned meats and canned fruits, for which there is good demand, are the usual booty of the smugglers. There is a heavy duty upon all the articles mentioned.

THE POPE'S ATTENTION

Is Called to the Evidence in the O'Shea-Parnell Divorce Case.

LONDON, NOV. 20.—A dispatch from Rome says that the evidence of the O'Shea trial has been brought to the attention of the pope by the churchmen near the vatican, who are opposed to the Irish party. It is not thought probable that any action will be taken by the holy see, as Mr. Parnell, being a protestant, is outside the jurisdiction of the church.

From Tipperary comes the news that Canon Hegerty, a well known priest who has for a long time been dissatisfied with the local management of the league, has uttered in public language strongly denouncing the conduct of Mr. Parnell in the O'Shea case and advising his flock to abandon the movement while Mr. Parnell is connected with it.

Two Failures.

CINCINNATI, NOV. 20.—Charles Jacob, Jr., & Co., pork and beef packers at Plum and Findlay streets, assigned this morning to Geo. C. Jacob. Liabilities $60,000, assets $40,000, with preferences given in favor of George Wuest for $17,500.

CHICAGO, NOV. 20.—M. M. Bailey, real estate dealer and builder, with an office at 356 Chicago opera house building made a voluntary assignment this morning to Attorney Charles S. Fry. The assets are $40,000 and liabilities the same.

The New Cruiser.

CITY ISLAND, N. Y., NOV. 20.—The trial of new cruiser, Concord, took place yesterday. The vessel made as high as 17.7 knots an hour, spurting at one time, it was estimated, to 18 knots, and maintaining an average for trial of 17 knots per hour. This she did against a strong tidal current. The Concord has proved herself faster than the Yorktown, which has until now held the best gunboat record in the service.

Tussel With Fire.

ST. LOUIS, MO., NOV. 20.—Firemen had quite a tussel with a fire which was discovered in the south wing of Belvidere hotel last evening before it was extinguished. The guests and servants escaped injury, but many of them lost their clothing and effects. The total loss to the owners of the building, which was considerably damaged by water, is $25,000; fully insured.

SAMOA'S RULER.

Which of the Aspirants to the Throne Will be Chosen.

WASHINGTON, NOV. 20.—Judge Cederorantz, nominated under the terms of Berlin conference by King Oscar, of Sweden and Norway, to be umpire or chief justice of Samoa, and to decide between the claims of Malatea, Tamasesse and Matafia, to who shall be the ruler of Samoan islands, is in Washington on his way to the far off Pacific islands to settle the matter. In in interview last night, explaining his mission, Judge Cederorantz said "It is a difficult task that I undertake, but I trust to exercise my authority for the best interest of all concerned. By the terms of the Berlin conference, natives were guaranteed self government. They are to have a native king as of old, but it is left to the chief justice to decide in the present case who is the rightful soverign. Malatea is the ruler, de facto, and though Tamesese, who was vice king when the Germans deposed the former, was at that time an aspirant to the throne. I cannot say whether he is now or not. I can't make up my mind thus far from the scene as to the real merits of the dispute and must make an investigation before proclaiming to Samoa the name of their monarch.

DON'T LIKE STANLEY.

Denounced as a Retailer of Mess-Room Gossip and Heresay Tales.

LONDON, NOV. 20. — Lieutenant Troupe has arrived on the steamer Saale, from New York, and landed at Southampton. In an interview on the scandalous charges and counter charges made in connection with the rear guard of Stanley's expedition, Lieutenant Troupe denounced Stanley as a retailer of mess room gossip and heresay tales about dead men. The lieutenant added that he would avoid any further personalities unless he was compelled in self defense to resort to them.

BRUSSELS, NOV. 20.—The Independence Belgu publishes an article to-day commenting on the Stanley African expedition army force, in which it says that Stanley was compelled by pressure brought to bear by Lord Wolsey, commander of the British forces in Ireland, to appoint Major Barttelot to the command of the rear guard.

IN MALE ATTIRE.

A Young Lady Plays That Role at Knightstown, Ind.

KNIGHTSTOWN, IND., NOV. 20.—About six months ago George Harris, apparently a boy of nineteen or twenty years of age, came to this city and engaged in the log hauling business with Milton McCray, with whom he roomed. He later procured work as a delivery boy in M. T. Hibben's grocery store, and later filled the same place for C. C. Williams.

He has suddenly disappeared, and the fact that "he" was a female has just come to light. A few days prior to her departure she and McCray had been closely watched by citizens whose suspicions had been aroused. She played the role of a boy well, as only a few persons ever doubted the genuineness of her masculine gender. She is said to be about thirty years old, and hails from Indianapolis.

The Cherokee Strip.

KANSAS CITY, MO., NOV. 20.—The Cherokee Strip live stock association has determined to commence proceedings against the United States government for the latter's action in forcing the cattlemen to vacate the Cherokee strip before the expiration of the lease with the Cherokee Indians. The first step in these proceedings will be taken to-day when the company will sue the United States government for losses sustained by the premature marketing of cattle, besides the loss of two years' profits on the business. It is the general opinion that the Cherokee national treasury will supply the funds for this suit. The claim of the government will amount to $3,000,000 or $4,000,000.

A Big Land Suit.

ST. PAUL, MINN., NOV. 20.—Several million acres of land are involved in a suit which was began in the supreme court yesterday. It is a test case, involving the ownership of about forty acres of swamp land on the Duluth and Winnipeg railroad. The governor of Minnesota granted these lands to the Duluth and Winnipeg road by deeds this year. The Minneapolis and St. Cloud railroad claims the land was deeded to them in 1882, and prays that the Duluth and Winnipeg deed be cancelled, and that the defendant be enjoined from securing any further swamp lands.

Electric Railway at Peru.

PERU, NOV. 20.—Plans have been matured sufficiently to guarantee an electric street railway in this city, under the stock plan. The plant, when completed, will be a model of its kind, and thoroughly cover the main portion of the city's outlying districts. With the advent of the electric line will also come a public park, to be located in the western portion of the city.

The general officers of the Wabash road were in the city to-day.

MELICAN MAN'S METHODS

Adopted by the Chinese at San Francisco Who Abscond and Leave Creditors in the Lurch.

SAN FRANCISCO, NOV. 20.—The members of the firm of Tong Yoong & Co., one of the most extensive Chinese mercantile houses and who are also labor contractors, have fled to China with $40,000, the wages of 240 Chinese fishermen, who recently returned from Alaska. The absconders owe other creditors $20,000.

The liabilities of the Chinese firms who have failed during the last month aggregate $250,000. In Chinatown there was a riot last night, the result of the absconding of the Chinese contractors. The fishermen are left penniless after a whole season's work and about 200 of them marched to the store of Tong Fung, one of the labor contractors' bondsmen and forcibly took possession of the place. About fifty of them closed the heavy iron doors and declared they would remain inside until they received their wages. The rest went to Chew Chong's store, another bondsman's place but were only prevented from capturing the place by the interference of police who, after a hard fight dispersed the mob. Serious trouble is anticipated and the six Chinese companies have issued a proclamation stating that they will do all in their power for them. The store of Tong Fung is still in the hands of the rioters.

REMARKABLE SURGERY.

An Operation That is the First of Its Kind in This Country.

NEW YORK, NOV. 20.—A remarkable surgical operation was performed in the Mount Sinae hospital, on Lexington avenue, recently. It is thought it is the first of its kind ever performed in this country. The operation was the removal of the entire left arm, shoulder blade, collar bone and the muscles attached thereto of a man forty-six years old. According to the records such an operation has been performed only thrice before, once in France and twice in England. In a few days the patient will be able to leave the hospital a healthier man than when he entered. The patient is Judah Hapron, a native of Russia, his malady was a malignant tumor which affected the shoulder. The operation occupied one hour and forty minutes.

NATIONAL GRANGE.

Closes its Session at Atlanta, Ga.,--Next Meeting at Springfield, O.

ATLANTA, GA., NOV. 20.—The National Grange closed its ten days session yesterday. Resolution have been passed favoring the Conger lard bill; the Paddock pure food bill, and the meat inspection bill; favoring the opening of the markets of the American agriculture; deprecating socialism and agrarianism, favoring the Australian ballot system; urging the necessity of closely watching the inter state commerce bill to prevent its being annulled; urging the government to foreclose its mortgage on the Pacific railway; urging the relief of cotton producers from the six per cent. tax and favoring the government loaning money to people upon lands or other good security. The Grange adjourned to meet in Springfield, Ohio, next year.

The stock market at 12:30 p. m. was better all around and it is thought that the worst is over, although sharp fluctuations seem inevitable.

Both are willing to shoot for $2,000 aside, and if Captain Elliott will agree to shoot at thirty yards rise and fifty yards boundary, the match may be completed within a week.

Go to Prison.

FORT SMITH, ARK., NOV. 20.—In the United States court last evening Carroll Collier, alias Texas Collier, and Bud Maxfield, a half blood Cherokee, were sentenced to the Kansas penitentiary—Collier for twenty-three years and Maxfield for sixteen.

$1,000 For a Life.

FINDLAY, O., NOV. 20.—The jury in the famous case of Mrs. Josephine Wertz against the Toledo, Columbus and Cincinnati railroad, in which the plaintiff sued for $10,000 for the accidental death of her husband on the road named, brought in a verdict of $4,000 for plaintiff.

ROCKFELLER'S RAILROAD.

The Millionaire Secures Control of the Northern Pacific.

NEW YORK, NOV. 20.—The World this morning says: "The greatest piece of news on Wall street yesterday was that John D. and William Rockfeller, the Standard oil magnates, had secured control of the Northern Pacific railroad, which practically means the ousting of Henry Villard. They are known to have been heavy buyers of Northern Pacific preferred, during the late decline in values.

The Rockefellers bought at the request of Jay Gould. They have not hitherto engaged in railroad operations and their wealth is so great that once having embarked in railroad affairs, it is in their power to dominate. There is a scheme on foot to provide connections for the Northern Pacific, which will make it an uninterrupted railway line from the Atlantic to the Pacific. By its alliance with the Wisconsin Central it already reaches from Puget Sound to Chicago, and its route thence, it is said, will be by the way of the Baltimore and Ohio.

SALVATION ON WHEELS.

A Chapel Car to be Run in the North For Missionary Work.

ST. PAUL, MINN., NOV. 20.—The Baptists are to have a rolling tabernacle—a chapel on wheels—which is to travel all over the northwest, carrying two missionaries. The car is sixty feet long and ten feet wide. At one end a space about nineteen feet long will be fitted up for living purposes. The remainder of the car will be fitted and furnished as a chapel.

This car will run upon the extended system of the Northern Pacific and Wisconsin Central railroad, and doubtless upon other roads also. In summer the car will be supplanted by a tent. The original suggestion and effective advocacy of the car belong to the Rev. Wayland Hoyt, of Minneapolis, his brother, Colgate Hoyt, Charles L. Colby, of New York, and some other gentlemen will pay all expenses of building. The American Baptist publication society have accepted the car and pay the expenses of the missionary.

ROYAL WEDDING.

Marriage of Princess Victoria, the German Emperor's Sister, and Prince Adolph.

BERLIN, NOV. 20 —Princess Victoria, of Prussia, sister of the emperor, was married yesterday to Prince Adolph, of Schaumberg-Lippe. The ceremony took place in the chapel of the Alte Schloss. The court chaplain, Dr. Dryaneer, officiated, assisted by the clergy of the Dom Kirche. The Duke of Connaught represented the Queen of England, and the Duke of Clarence represented the Prince of Wales. A royal crown was placed upon the head of the princess by the Empress Augusta and the Empress Frederick as she entered the chapel. Her wedding dress was of cream satin, brocaded and trimmed with costly lace, the train embroidered with wild roses and silver. The veil was of tulle, enwoven with silver and surmounted by a wreath of orange blossoms and myrtles.

IN EACH OTHER'S ARMS.

The Sensational Suicide of Two Elmira Lovers.

ELMIRA, N. Y., NOV. 20.—The bodies of A. L. Pierce and Miss Lou Woodward were found in a woods near Willawanna, a small station on the Delaware, Lackawana and Western railroad, not far from here yesterday. They were locked in each others' arms and a bullet hole in the temple of each, a revolver lying near by showed that Pierce had probably first shot the girl then himself. He was about thirty five years of age and married, while the Woodward girl was seventeen and single. A couple of months ago they eloped, and Pierce was arrested, tried and acquitted on the charge of abduction. They then disappeared again, and nothing had since been heard of them until the bodies were found to-day.

Would Not Reveal Their Action.

PITTSBURG, NOV. 20.—The grievance committee of railroad organizations has concluded its session, and the members have left the city as quietly as they arrived, having transacted an enormous amount of business. What this business is will probably not be known until the moves are made at intervals at different places over the country. The only statement made by the committee was given out yesterday. "We have adopted an agreement and elected our committeemen to transact any business that may come up during the ensuing year."

The Indian Outbreak.

MINNEWAUKEE, N. D., NOV. 20.—The Sioux Indians on the Devils Lake reservation adjoining this town are not especially stirred up as yet. All the troops at Fort Totten have been removed to Standing Rock. The citizens here are uneasy, but it is not believed that the Indians contemplate an outbreak.

CRIMINALS CORNERED.

Three Toughs Arrested For Robbing Adams & Armstrong's Store--Sensational Developments.

A gang of thieves, who would not even hesitate at murder to accomplish their evil designs, have been lurking in this city for some weeks, as has been evidenced by the bold deeds perpetrated during that time. Their presence is a menace to life and property. Two nights ago Officer John Kennelly had a hand-to hand conflict with two such characters on Broadway, during which melee a revolver was placed to his breast. Three fellows were bound over yesterday in the sum of $500 each to await trial. Goods in their possession were identified by D. N. Sherry, of Elida, Ohio, who arrived in the city last night.

Another robbery was committed last evening at the store of Adams & Armstrong, wholesale milliners, at 109 Calhoun street, and the arrest of three suspicious looking characters on Broadway, soon afterward, has produced some interesting developments. Access to the store was gained by removing a pane of glass from a rear window. The result of their operations was first discovered by Watchman Hohmeyer, who reported to the police headquarters at once. An investigation showed that only $5 50 worth of postage stamps, of the one and two cent denominations, were missing. Officer Kennelly arrested three men, as stated, about 9 o'clock. While en route in the patrol wagon to the police station, one of the prisoners was seen to throw away an instrument which proved to be a new chisel, the point of which was nicked, indicating that it had been used for some illegitimate purpose. Later Prosecutor Robinson found particles of steel on the ground under the window where the thieves operated at Adams & Armstrong's, which fitted perfectly into the nicks of the broken chisel, proving beyond a doubt that these men committed the robbery. They also had stamps in their possession.

A sensation was developed this morning by the appearance of Marshal W. A. Parks, of Peru, accompanied by F. M. Drumm, of the general store of Shirk & Miller, of the same place. Mr. Drumm identified the goods worn by the three prisoners as having been stolen from the above named store. He furthermore displayed goods from the stock in the store, which corresponded with the goods alleged to have been stolen, the trade marks and price tags not varying in the least. The stolen goods, Mr. Drumm said, were valued at $1,200. Marshal Parks had worked upon the case until he discovered that the thieves had $1,000 worth of goods stored at the house of Mrs. Bearss, in Peru. The authorities there learned of the arrest of the two thieves Tuesday night and thinking they were their men, they came on just in time to identify the real thieves. Two charges hang over the men at Peru which would aggregate a punishment at least of twenty years imprisonment in the penitentiary for the three of them. Prosecutor Robinson refused to hand the prisoners over, as he has sufficient evidence to convict them. They were arraigned before Mayor Harding, giving their names as Frank Manning, Joe. Burton and Will Richmond. Waiving a preliminary hearing they were bound over in the sum of $500 each. The prisoners are a tough looking set of fellows. There is reason to believe that they have been operating in harmony with the two fellows arrested Tuesday evening and they form a part of an organized crowd. The arrests so far accomplished make a good beginning. Let Chief Wilkinson and Marshal Franke urge upon their men the importance of keeping it up and there will be fewer highway robberies and other crimes to chronicle.

SCOTTISH RITE MASONS.

Judges Dawson and Zollars Respond to Toasts at Indianapolis.

Saraiah council, Princes of Jerusalem, met yesterday afternoon at Indianapolis and confirmed the fifteenth and sixteenth degrees on thirty-five candidates. The work was performed with the elegant new costumes that belong to one of the costliest wardrobes in the country. The sir knights of Indiana have the name of conferring degrees with an impressiveness equal to any other Masonic body in the world.

The banquet began at 5 o'clock, with covers laid for 400 guests, Dr. P. C. G. Hunt presided and John R. Wilson delivered the address of welcome. Toasts were proposed and responded to as follows: "Our Country," C. M. Dawson, Fort Wayne; "The Fort Wayne Bodies, Scottish Rite," Judge Zollars, Fort Wayne; "The Class," Dr. W. E. Jeffries, Indianapolis. The seventeenth and eighteenth degrees, Chapter of Rose Croix, were conferred on a class of sixty last night, and to-day the same number took the remainder of the degrees up to and inclusive of the thirty-second. The convocation is regarded as one of the most successful ever held.

Voluntary Assignment.

CHICAGO, NOV. 20.—The T. C. Austin manufacturing company made a voluntary assignment in the county court yesterday to J. F. Snyder. The assets and liabilitis are not given but are estimated at between $25,000 and $40,000. The concern manufactured agricultural impliments.

BIG FAILURE.

A Flurry at Philadelphia Over the Failure of a Banking House.

PHILADELPHIA, NOV. 20. — Barker Brothers, bankers and brokers of this city, have made an assignment for the benefit of their creditors. Their liabilities have not yet been made public. This is Wharton Barker's firm. They are largely interested in Reading securities, Oregon Pacific bonds and Baltimore and Ohio car trusts. The firm had a small line of deposits.

A great flurry was caused in the stock exchange about noon to day, when it became known that the large and well known banking house of Barker Bros. & Co. had made an assignment. As soon as the announcement was made there was a general fall in stock. Vice-President Bachman, of the exchange, when asked about the suspension, said: "All I know about it is that word come from the Barkers stating that they were compelled to make an assignment. I do not know anything about their assets or liabilities. In fact, I do not even know the name of the assignee. Stocks fell, but it will not make much difference in the stock market, as they have not been dealing in stocks to any extent. They have been interested in outside speculations I suppose, and to this probably, is due their assignment."

Inquiry at the office of Barker Bros. & Co., this afternoon, failed to elicit any information further than they had made an assignment and that perhaps some statement would be made later in the day. The firm consists of Wharton Barker, Abram Barker and Joseph Wharton. Mr. Wharton Barker is president of the finance company. The firm also controls the Wharton switch company, and gained a world-wide reputation some time ago by its inter-telegraphing banking scheme. They are also the Philadelphia correspondents of Barings, the great London bankers, who were in difficulty recently.

SLICK SWINDLER.

A Young Man by Forgery and Robbery Secures $25,000 From a Bank.

ROCHESTER, N. Y., NOV. 20.—Moses S. Marks, a young man living at 264 Central avenue, was employed in the Flour City bank until fifteen months ago, when he was discharged. Yesterday afternoon Marks went to the Western Union telegraph office and sent a message to the National Bank of Commerce, of New York city, the correspondent of Flour City Bank, asking it to send by express to the Flour City Bank, $25,000 in currency, in $10 and $20 bills. Marks signed the dispatch in the name of Wm. Augustus Waters, cashier of Flour City Bank.

This morning Marks went to the American express office, and upon the arrival of the package of money from New York, signed for it, took the money and disappeared. Then robbery and forgery was discovered when Cashier Waters received this morning's mail to-day and found in it a letter from the National Bank of Commerce advising him of money sent, Mr. Waters was taken completely aback, as he had not ordered the money. He sent at once to the express office to learn whether the money was there.

The express company said the money has been delivered to Marks, as it was supposed he was still connected with the bank. It was then that the forgery and robbery was discovered. Word was sent to police headquarters and Chief Hayden immediately started out with officers of the bank to work on the case.

At the American express the officials stated that they had been told by the detectives to say nothing about the matter. Cashier Waters stated that never before had money sent by express to the bank been delivered to a representative of the bank. The money packages were always sent to the bank.

"We send money to the express office by messengers," said Mr. Waters, "but the express should have delivered money for us at the bank." Marks is twenty-four years old. He entered the service of the Flour City bank at the age of sixteen years and rose to the position of note teller. His industry and capability were recognized by the officials of the bank and about two years ago he was promoted. He was not discharged for any dishonest act.

Through the influence of Joseph H. Bier, a friend of the Marks family, a position was given the young man as traveling salesman for the firm of Moore & Bier, clothing manufacturers.

About two months ago a dispatch to the Post-Express, from Indianapolis, announced that Marks, who had gone to Indianapolis in the interest of the firm, had suddenly left that city without paying his hotel bill. Marks left his samples, which he opened only for display, in the Bates house.

Manager Geaty made arrangements to have Sampson pull against two of Ryan's strongest horses on the Academy stage every evening this week.

PETTIT'S FATE.

The Wife-Murderer Sent to Prison for Life---Close of the Remarkable Trial.

CRAWFORDSVILLE, IND., NOV. 20.—The trial of W. F. Pettit, charged with poisoning his wife, was brought to a conclusion last evening, and after the judge had read his charge the case was given to the jury. The arguments were concluded by A. B. Anderson, who, in a speech of six hours, made a masterly review of the case.

The trial has been in progress for almost six weeks, and great interest has been manifested in this section of the state, on account of the prominence of the defendant, who is an ex-Methodist minister. There is a great difference of opinion as to what the verdict will be. During the last hours of the trial the court room was jammed so that fears were expressed as to the safety of the building. College classes were excused so that the students might hear the pleading, and for the past few days business has been interfered with, the trial being the all-absorbing topic of conversation.

THE VERDICT.

The jury in the Rev. W. F. Pettit murder case brought in a verdict of guilty this morning, sentencing him to imprisonment for life. Pettit was charged with poisoning his wife.

ORDERED HIS FUNERAL FEAST.

A Departing Ohioan's Odd Bequest to His Friends.

FINDLAY, OHIO, NOV. 20.—John Walters, a pioneer of this part of the state, died at his home near Rawson, in this county, Sunday, and the funeral occurred to-day. Walters was a queer sort of an individual and had many peculiar notions regarding things in general and himself in particular. Recognizing that he must soon die, he gave out the most minute instructions as to how his funeral and burial were to be conducted. He was a great lover of chickens and selected several favorite fowls which he gave instructions should be killed for the "funeral dinner." He also left directions as to how all the family should dress on this solemn occasion and just who should be permitted to follow his remains to the grave. His family will carry out all his instructions to the letter.

THE year 1890 has but forty more days.

THANKSGIVING day is one week from to-day.

THE Indians of Dakota are on the war path.

THE merchants are preparing for the holiday trade.

THE moon is taking the place of the electric lights at present in the city.

THE annual meeting of the state farmer's alliance is being held at Indianapolis.

THE literary societies of Taylor University offer entertaining programs for to-morrow evening.

BUT few Fort Wayne citizens would care to return to the days of the wide-open Sunday saloons.

THE Indiana Consistory of Scottish Rite Masons which is in session at Indianapolis, adjourns to-morrow.

THE board of directors of the Fort Wayne Fair and Exposition meets this evening for the transaction of business.

THE articles of incorporation for the Fort Wayne Exposition and Fair Association were filed with the county recorder yesterday.

EVANSVILLE has passed a cow ordinance, and the local press exultingly alluded to it as one more stride in the direction of a metropolis.

THOSE who use natural gas in their residences and business places are not bothering their brains about the probable price of coal and wood this winter.

AT THE session of the Knights of Labor yesterday at Denver, Col., resolutions were adopted demanding the free and unlimited coinage of silver, and the passage of the Australian election law.

THE officers of the Indiana division of League of American wheelmen have decided to issue, as soon as possible, a bicycle road book of Indiana with a map and information of interest to bicyclists. An Indiana race meeting is to be held in Indianapolis next July.

THE biggest industrial deal of the period was completed yesterday in Illinois by the incorporation of the American Harvester company. All the mower and reaper interests in the country were merged in one gigantic corporation with a capital stock of $35,000,000.

Two hundred conversions have already attended the evangelistic labors of Dr. Munhall, at Shelbyville. Yesterday an all-day meeting was held, and between 1 and 2 o'clock the business houses and even the saloons closed, in order that the men might attend the services.

WM. DWYER, formerly a prominent police official, met W. O. Fishback, editor of the Morning Express, at Terre Haute, Tuesday night and gave him a sound threshing. The trouble was over an editorial published which was not complimentary to Dwyer. There were no arrests.

THE expense of holding elections under the new system is undoubtedly very heavy, but the people can afford to pay it if it secures the purity of the vote, remarks the Peru Journal. Probably no more money is spent than under the old system, but the difference lies in the legitimacy of the expenditure, resulting in the benefit rather than the demoralization of the voter.

THE accounts of A. E. Steele, mayor of Marion, are tangled up, and he has tendered his resignation. Last week a deputy, representing the attorney general, discovered a shortage of $400 due the state, but after several attempts to secure a settlement only $175 was paid. On election day the mayor left for Nebraska, and further investigation showed $900 in his hands unaccounted for, the major portion of which was due other officials on fees collected. He was recalled by telegram, and last Friday he resigned, after which he again left the city. He was elected mayor eighteen months ago. It is not believed the shortage is large. Mr. Steele is a fine criminal lawyer, and he enjoyed a handsome income. His downfall is attributed to dissipation.

THE criminal libel suit brought by C. O. Fenton, of the Logansport Times, against W. B. Jenking & Sons, editors and proprietors of the Winamac Republican, came to an abrupt termination yesterday, at Logansport, the defendants changing their plea to guilty when the evidence had been submitted, and throwing themselves on the mercy of the court. They were fined $10 and costs each. During the campaign the two papers became involved in a heated controversy, resulting in the Republican publishing that Fenton had once criminally assaulted a girl.

THE suit brought by the widow of Anthony Thiele, of Evansville, against the children of her deceased husband, for a share in the estate, has been compromised in court, the widow getting altogether about $9,000. The plaintiff was divorced from Mr. Thiele some years ago, and she joined in all deeds and legal instruments from that time until his death. She claimed one-third of the estate as a widow's right, and insisted that her divorced husband made her believe that if she would love him again no marriage ceremony was necessary to make their reunion binding.

THE city department of the Young Men's Christian Association has adopted a new method of raising funds for the liquidation of their indebtedness. Subscription cards are used and persons can take one, fill it out for the amount they desire to subscribe and take their own time for payment. One of the popular subscription cards is for $5.20. The payments can be 10 cents a week and within the year the donator can pay the amount of his subscription without feeling the loss of the money he has given for such a worthy cause. With this plan every dollar of the indebtedness of the association ought to be wiped out.

THE city council of Terre Haute has passed an ordinance requiring the police to enforce the state law closing saloons at 11 p. m. and on Sundays. This is the first general attempt to enforce the Sunday law since 1875, and the saloon-keepers threaten to close up all other kinds of business as well. A petition signed by over 2,200 women and one signed by 1,500 voters were presented, and a committee of fifty of the most prominent church women and as many prominent business men attended the council meeting in the interest of law and order. The reputation which the city has always had of being a wide open town must now come to an end.

TO AN INSANE ASYLUM.

A Huntington Lady Who Has Been an Inmate of the St. Joe Hospital of This City.

Sheriff Wintrode, of Huntington, was in the city Tuesday to take Mrs. Susan Kelley from the St. Joe hospital to the insane asylum at Logansport. He was accompanied by Luther Cummings, who is guardian for the unfortunate woman.

When they arrived at Logansport, says the Huntington Democrat, the asylum authorities searched the woman and in her clothing they found her pocketbook which contained $590 in money and a note for $550 signed by responsible people in New York. Besides these she had a fine gold watch. She had kept all these things from the knowledge of the hospital authorities. When about ready to start from the hospital at Fort Wayne, she suddenly refused to go and caused so much disturbance that Sheriff Viberg and the patrol wagon were called and she was hauled to the depot. The officers finally induced her to think she was going home and she became quiet, but when she saw the train leave Huntington she became violent again and yelled "murder" all the way to Wabash. The soothing quietude that always prevails around that little town seemed to have its effect on her and she ceased her screams. She was finally lodged safely in the asylum at Logansport.

Yes, You're Right.

The Angola Herald says: "The boy who spends his evenings at home reading newspapers, the local news of his own town and county and the general news of the day, and in reading some useful books, will certainly make a better man, everything else being equal, than the boy who spends his evenings on the streets and loafing places where the town gossip is dished out in the most vulgar and profane manner. The tastes are cultivated so as to lead them by choice to engage their evenings in this profitable way, and few criminals and fewer criminals and drunkards would be the result."

Everybody knows scrofula to be a disease of the blood, and Hood's Sarsaparilla is the best remedy for all blood diseases.

A London dealer has for sale, at $5 each, 4,000 second-hand sermons.

A LICENSE AND A BOND

Are Thought Necessary to Shut Out Curb-Stone Real Estate Dealers.

Initiatory steps are being taken to unite all of the legitimate real estate dealers of the city in submitting a petition to the common council to have a license assessed against all real estate dealers, and that each dealer be required to furnish satisfactory bonds. This rule is already in force in some of the larger cities. At Wichita, Kas., the license is $25 a year, and at Kansas City it reaches double that amount. It is claimed there is merit in the license rule in a protective way. A prominent real estate man said to a SENTINEL reporter: "This license would help us in this way: We have in Fort Wayne thirty or thirty-five fair and square real estate dealers. Aside from these we have what they call 'curb-stone' dabblers in real estate, who by various methods manage to eke out an existence by this and other occupations. These dealers oftentimes misrepresent matters and prostitute the business. They make but little and hurt legitimate dealers. The only way to keep the ranks clear of these drawbacks is to require a license and a bond."

St. Patrick's Fair.

The supper and festival given last night at Library hall for the benefit of St. Patrick's church was a grand success. About five hundred people were present and were entertained by Reineke's orchestra. An elegant supper was served and all had a pleasant time. The ladies doing the honors at the different booths are as follows:

Candy booth—Miss Rose Gordon, assisted by Miss Mary Gordon and Maggie Gaffney.

Fancy booth—Mrs. P. H. Kane, chief; assisted by Miss Mane Breen, Mrs. McBennett, Mrs. A. Golden, Mrs. Al Moran, Mrs. William Schoenbein, Miss Mary Schneider and Miss Mamie Mannix.

Bric-a-brac booth—Mrs. A. C. Trentman, chief; assisted by Mrs. R. W. T. DeWald, Mrs. Tony Trentman and May Trentman.

Ice cream booth—Miss Kitty McDougall, chief, assisted by Miss Josephine Albert, Miss Ella McCarthy and Miss Shaughnessy.

The supper department is under the supervision of Mrs. Dr. J. M. Dinnen, chief, and a large corps of assistants. The ticket window is in charge of Mr. Michael Houlihan, and at the door are Councilman Gordon and Dennis McCarthy. The officers in charge of the entertainment are: Geo. P. Gordon, president; W. G. Gordon, secretary, and James Breen, treasurer. The fair continues to-night.

LOCAL LINES.

Albert Schroeder, of Miner street, is quite ill.

Mrs. John Sprague is at Bluffton, the guest of her brother, Geo. Smith.

The Van Wert Bulletin says: "Miss Hattie Stemen, of Fort Wayne, and Miss Blanche Gibson, of Upper Sandusky, are in town to attend the reception at the home of Miss Josie Wise, this evening."

Henry P. Mawson's thrilling military comedy drama, "A Fair Rebel," which is playing everywhere to crowded houses every night, comes to the Temple, Monday, November 24. The great revolving scene, representing Libby prison, is one of the powerful features of the play.

The unknown man found murdered at Fostoria, Ohio, has been identified as Wm. L. Coffee, of Decatur, this state. When he left Tiffin, Ohio, for home he had several hundred dollars in his possession, besides a gold watch and other valuables, and it was his intention to stop at Fostoria on business matters.

Manager Geary, of the World's museum, has the reputation of being an original advertiser and he comes deservedly under that head. If a new building is being erected all the conspicuous timbers will be sure to have Geary's announcements in all the colors of the rainbow. If a person can turn a corner around the public quarters of the town without meeting Geary's handwriting on the wall that man is an exception. If a pedestrian wades through the mud there is Geary protuding from a mud pile; if he goes down a side street Geary haunts him from convenient nooks or stares at him from the fences and buildings. The fact is Geary is omni-present, or in other words, he is in town and everybody knows it from the little girl or the insuppressible boy in knee pants to the wise acre.

Marriage Vows.

This afternoon at Bingen, in Adams county, at the home of the bride's parents, Mr. and Mrs. Charles Swick, occurred the marriage of Miss Minnie Swick to Mr. Wm. Oetting, of this city. The ceremony was performed by Rev. Huge, of the Lutheran church, in the presence of over two hundred invited guests, some of whom were from this city. The bride is a lovely young lady and the groom is the well known young dairyman of this city. The young people will reside in this city.

Early in December will take place the marriage of Miss Rose, daughter of Mr. and Mrs. Lewis Griffith, to Sherman Cole, of Valparaiso. The ceremony will be performed at the home of the young lady's sister, Mrs. Hobbs, of South Hoagland avenue.

The best medical writers claim that the successful remedy for nasal catarrh must be non-irritating, easy of application, and one that will reach all the remote sores and ulcerated surfaces. The history of the efforts to treat catarrh during the past obliges us to admit that only one remedy has met these conditions, and that is Ely's Cream Balm. This pleasant remedy has mastered catarrh as nothing else has ever done, and both physicians and patients freely concede this fact. The more distressing symptoms yield to it.

E. C. POTTER & CO.

—E. C. POTTER & CO.—

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son-in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that isn't an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

Any Kind You Want.

The latest development in the "penny-in-the-slot" system is an automatic coffee tavern now on exhibition at Birmingham. The purchaser drops in his penny and pulls a knob labeled with the drink he desires. Then, by pressing a tap, he is able to draw the exact quantity. There are two plated cups for the use of customers, and a second tap gives a contant supply of water for rinsing. Each reservoir of drink holds seven gallons, and tea and coffee are kept hot by an unseen gas burner. The automaton turns the gas out when the reservoir is exhausted, and displays a notice "Empty" in front. Iced drinks are to be sold through the same machines, which can also be utilized for the sale of sandwiches, pies and cakes.

Lots of Fun.

(Indianapolis Sun.)

They had lots of fun in Fort Wayne the other day over a very dead, eleven foot boa constrictor which a colored kid had yanked from its sepulchre and dragged through the streets. Natives thought it was alive and fled in wild alarm.

Vigorous Men and Women.

The vigorous are they who pay attention to the laws of health, of which one of the foremost is, Take care of your digestion. Should a temporary attack of the enemy, dyspepsia, surprise you, foil his subsequent assaults with Hostetter's Stomach Bitters. From the stomach come the fundamental supplies which minister to vigor, and, thoroughly transmuted into blood actively circulated, are the maintenance of the system. Pallid in countenance, nervous, attenuated in figure, appetiteless, poor sleepers, are the dyspeptic. Reinforced and built up by the great stomachic, the wan and thin increase in color and bulk, appetite improves, nervous symptoms disappear, sleep grows tranquil and refreshing, and the intranquility of mind and despondency notable in invalids gives place to light heartedness, a capacity for racy enjoyment of the good things of this life. Use the Bitters for malarial, bilious, rheumatism and kidney troubles.

HOOSIER HITS.

Mrs. Leonard C. Piepenbrink, of Huntington, whose marriage occurred on Saturday last, attempted suicide yesterday by swallowing morphine.

August Arndt, near Romney, while hunting rabbits, accidentally dropped his gun in such a manner that it was discharged, and the load took effect in his abdomen, causing frightful injuries.

The auditor and treasurer of Crawford county have petitioned the county commissioners for better offices in which to transact business, and this has revived the old county-seat war, in which Marengo, English and Grantsburg are the chief contestants.

James Stare, of Bloomington, induced a Salem bank to cash a draft, which proved to be fraudulent. He then returned to Bloomington, and while dissipating fell and broke his leg. This was followed by his arrest, and he has been returned to Salem for trial, notwithstanding his injuries.

PASTOR KOENIG'S NERVE TONIC

Two Bottles Cured Her. 6

CARROLL, IA., July, 1889.

I was suffering 10 years from shocks in my head, so much so, that at times I didn't expect to recover. I took medicines from many doctors, but didn't get any relief until I took Pastor Koenig's Nerve Tonic, the second dose relieved me and 2 bottles cured me. S. W. PECK.

Best Brain and Nerve Tonic.

Madisonville, Hamilton Co., O., May, 1890.

Pastor Koenig's Nerve Tonic had a wonderful effect on me. I contracted my disease from exposure, in 1883. At first I had cramps in the stomach, then I could not sleep, and when I did I had horrible dreams, and at last it turned into epileptic fits. I was thus constantly living in fear to loose my mind, or that I would die suddenly. To get relief from all these tortures I tried many kinds of medicines, but of no avail until I took Pastor Koenig's Tonic; since then I go to bed early, sleep well all night, and cannot be thankful enough for the good the Tonic done me so far. I firmly believe that it is the best Brain and Nerve Tonic. PETER BIEL.

Our Pamphlet for sufferers of nervous diseases will be sent free to any address, and poor patients can also obtain this medicine free of charge from us.

This remedy has been prepared by the Reverend Pastor Koenig, of Fort Wayne, Ind., for the past ten years, and is now prepared under his direction by the

VAN HOUTEN'S COCOA

"BEST & GOES FARTHEST."

Now that its manufacturers are drawing the attention of the American public to this *first* and, ever since its invention, the *best* of all cocoas, it will soon be appreciated here as well as elsewhere all over the world. All that the manufacturers request is simply *one trial,* or, still better, a comparative test with whatever other cocoa it may be; *then* VAN HOUTEN'S COCOA *itself* will convince every one of its great superiority. It is because of this superiority that the English paper *Health*, says: "Once tried, always used."

To avoid the evil effects of Tea and Coffee, use exclusively VAN HOUTEN'S COCOA, which is a STRENGTHENER and NERVE Sustainer, a refreshing and nourishing beverage. 152

results from cleanliness and it is a solid cake of scouring soap. Try it in your next house-cleaning and be happy.

Looking out over the many homes of this country, we see thousands of women wearing away their lives in household drudgery that might be materially lessened by the use of a few cakes of SAPOLIO. If an hour is saved each time a cake is used, if one less wrinkle gathers upon the face because the toil is lightened, she must be a foolish woman who would hesitate to make the experiment, and be a churlish husband who would grudge the few cents which it costs.

HE HAD NO WORK!

His Family Was Penniless and Without Food, and Driven to Desperation, Shoots Himself.

KANSAS CITY, Mo., Nov. 20.—Yesterday afternoon Joseph Boyd made a desperate and probably successful effort to kill his wife and baby and ended by putting two bullets through himself, inflicting fatal wounds. The tragedy occurred in a shanty, which Boyd and his wife and child had occupied and which has one room and an attic. Boyd was a laborer, but for several weeks has been without work and his family had been penniless. None of them had any food yesterday and hunger, coupled with his inability to get work, crazed Boyd. About 3 o'clock, while his wife was nursing the baby, Boyd stole in quietly and up behind her, and, placing a revolver against her head, pulled the trigger. He then struck the child, only ten weeks old, with the butt of the pistol. It inflicted a severe scalp wound. Mrs. Boyd started to run from the house with the child in her arms, but at the doorway her infuriated husband seized and picked her and the child up bodily and threw them to the sidewalk, a dozen feet below, where she struck, stunned and unconscious. Boyd then barred all the doors and shot himself twice. He had a rope hanging from a rafter with which to strangle himself in case the pistol shot failed. He expired soon afterward.

KROTZ' CRIME.

MILWAUKEE, Wis., Nov. 20.—Herman Krotz, aged sixty-seven, last night confessed himself as the assailant of the twelve year-old daughter of Jacob Hunger and acknowledged having tried to burn his victim to death so as to destroy the proof of his guilt. Krotz has a wealthy and respected wife. He was formerly a colonel in the German army. When confronted by the child he broke down and confessed having assaulted other girls, one only ten years old.

MILLIONAIRE ROBBED.

Deeds, Mortgages and Valuable Papers Stolen From His Buggy.

CHICAGO, Nov. 20.—Millionaire John Keller, a real estate man at 256 South Halsted street, drove up in his buggy last evening to Armour & Miller's meat market, at the corner of Peoria and Fulton street. Under the buggy seat was a tin box containing deeds, notes, mortgages and other papers, valued at $100,000. Mr. Keller was in the market about fifteen minutes. When he came out he discovered that the tin box had been stolen. He notified the police of his loss. The robbers escaped.

GIGANTIC SMUGGLING.

WINNIPEG, Man., Nov. 20.—Customs authorities of the Dominion are greatly exercised over the gigantic smuggling of staples from Sitka and Juneau into British Columbia. Gum boots, rifles, ammunition, tobacco, canned meats and canned fruits, for which there is good demand, are the usual booty of the smugglers. There is a heavy duty upon all the articles mentioned.

THE POPE'S ATTENTION

Is Called to the Evidence in the O'Shea-Parnell Divorce Case.

LONDON, Nov. 20.—A dispatch from Rome says that the evidence of the O'Shea trial has been brought to the attention of the pope by the churchmen near the vatican, who are opposed to the Irish party. It is not thought probable that any action will be taken by the holy see, as Mr. Parnell, being a protestant, is outside the jurisdiction of the church.

From Tipperary comes the news that Canon Hagerty, a well known priest who has for a long time been dissatisfied with the local management of the league, has uttered in public language strongly denouncing the conduct of Mr. Parnell in the O'Shea case and advising his flock to abandon the movement while Mr. Parnell is connected with it.

Two Failures.

CINCINNATI, Nov. 20.—Charles Jacob, Jr., & Co., pork and beef packers at Plum and Findlay streets, assigned this morning to Geo. C. Jacob. Liabilities $60,000, assets $40,000, with preferences given in favor of George Wuest for $17,500.

CHICAGO, Nov. 20.—M. M. Bailey, real estate dealer and builder, with an office at 856 Chicago opera house building made a voluntary assignment this morning to Attorney Charles S. Fry. The assets are $40,000 and liabilities the same.

The New Cruiser.

CITY ISLAND, N. Y., Nov. 20.—The trial of new cruiser, Concord, took place yesterday. The vessel made as high as 17.7 knots an hour, spurting at one time, it was estimated, to 18 knots, and maintaining an average for trial of 17 knots per hour. This she did against a strong tidal current. The Concord has proved herself faster than the Yorktown, which has until now held the best gunboat record in the service.

Tunnel With Fire.

ST. LOUIS, Mo., Nov. 20.—Firemen had quite a tussel with a fire which was discovered in the south wing of Belvidere hotel last evening before it was extinguished. The guests and servants escaped injury, but many of them lost their clothing and effects. The total loss to the owners of the building, which was considerably damaged by water, is $25,000; fully insured.

SAMOA'S RULER.

Which of the Aspirants to the Throne Will be Chosen.

WASHINGTON, Nov. 20.—Judge Cedercrantz, nominated under the terms of Berlin conference by King Oscar, of Sweden and Norway, to be umpire or chief justice of Samoa, and to decide between the claims of Malatea, Tamasesse and Mataafa, to who shall be the ruler of Samoan islands, is in Washington on his way to the far off Pacific islands to settle the matter. In in interview last night, explaining his mission, Judge Cederceranz said "It is a difficult task that I undertake, but I trust to exercise my authority for the best interest of all concerned. By the terms of the Berlin conference, natives were guaranteed self government. They are to have a native king as of old, but it is left to the chief justice to decide in the present case who is the rightful sovereign. Malatea is the ruler, de facto, and though Tamasese, who was vice-king when the Germans deposed the former, was at that time an aspirant to the throne. I cannot say whether he is now or not. I can't make up my mind thus far from the scene as to the real merits of the dispute and must make an investigation before proclaiming to Samoa the name of their monarch.

DON'T LIKE STANLEY.

Denounced as a Retailer of Mess-Room Gossip and Mercenary Tales.

LONDON, Nov. 20. — Lieutenant Troupe has arrived on the steamer Scale, from New York, and landed at Southampton. In an interview on the scandalous charges and counter charges made in connection with the rear guard of Stanley's expedition, Lieutenant Troupe denounced Stanley as a retailer of mess room gossip and bawdy tales about dead men. The lieutenant added that he would avoid any further personalities unless he was compelled in self defense to resort to them.

BRUSSELS, Nov. 20.—The Independence Belge publishes an article to-day commenting on the Stanley African expedition army force, in which it says that Stanley was compelled by pressure brought to bear by Lord Wolsey, commander of the British forces in Ireland, to appoint Major Bartlelot to the command of the rear guard.

IN HALF ATTIRE.

A Young Lady Plays That Role at Knightstown, Ind.

KNIGHTSTOWN, Ind., Nov. 20.—About six months ago George Harris, apparently a boy of nineteen or twenty years of age, came to this city and engaged in the log hauling business with Milton McCray, with whom he roomed. He later procured work as a delivery boy in M. T. Hilben's grocery store, and later filled the same place for C. C. Williams.

He has suddenly disappeared, and the fact that "he" was a female has just come to light. A few days prior to her departure she and McCray had been closely watched by citizens whose suspicions had been aroused. She played the role of a boy well, as only a few persons ever doubted the genuineness of her masculine gender. She is said to be about thirty years old, and hails from Indianapolis.

The Cherokee Strip.

KANSAS CITY, Mo., Nov. 20.—The Cherokee Strip live stock association has determined to commence proceedings against the United States government for the latter's action in forcing the cattlemen to vacate the Cherokee strip before the expiration of the lease with the Cherokee Indians. The first step in these proceedings will be taken to-day when the company will sue the United States government for losses sustained by the premature marketing of cattle, besides the loss of two years' profits on the business. It is the general opinion that the Cherokee national treasury will supply the funds for this suit. The claim of the government will amount to $3,000,000 or $4,000,000.

A Big Land Suit.

ST. PAUL, Minn., Nov. 20.—Several million acres of land are involved in a suit which was began in the supreme court yesterday. It is a test case, involving the ownership of about forty acres of swamp land on the Duluth and Winnipeg railroad. The governor of Minnesota granted these lands to the Duluth and Winnipeg road by deeds this year. The Minneapolis and St. Cloud railroad claims the land was deeded to them in 1883, and prays that the Duluth and Winnipeg deed be cancelled, and that the defendant be enjoined from securing any further swamp lands.

Electric Railway at Peru.

PERU, Nov. 20.—Plans have been matured sufficiently to guarantee an electric street railway in this city, under the stock plan. The plant, when completed, will be a model of its kind, and thoroughly cover the main portion of the city's outlying districts. With the advent of the electric line will also come a public park, to be located in the western portion of the city.

The general officers of the Wabash road were in the city to-day.

MELICAN MAN'S METHODS

Adopted by the Chinese at San Francisco Who Abscond and Leave Creditors in the Lurch.

SAN FRANCISCO, Nov. 20.—The members of the firm of Tong Yoong & Co., one of the most extensive Chinese mercantile houses and who are also labor contractors, have fled to China with $40,000, the wages of 240 Chinese fishermen, who recently returned from Alaska. The absconders owe other creditors $20,000.

The liabilities of the Chinese firms who have failed during the last month aggregate $250,000. In Chinatown there was a riot last night, the result of the absconding of the Chinese contractors. The fishermen are left penniless after a whole season's work and about 200 of them marched to the store of Tong Fung, one of the labor contractors' bondsmen and forcibly took possession of the place. About fifty of them closed the heavy iron doors and declared they would remain inside until they received their wages. The rest went to Chew Chong's store, another bondsman's place but were only prevented from capturing the place by the interference of police who, after a hard fight dispersed the mob. Serious trouble is anticipated and the six Chinese companies have issued a proclamation stating that they will do all in their power for them. The store of Tong Fung is still in the hands of the rioters.

REMARKABLE SURGERY.

An Operation That is the First of Its Kind in This Country.

NEW YORK, Nov. 20.—A remarkable surgical operation was performed in the Mount Sinai hospital, on Lexington avenue, recently. It is thought it is the first of its kind ever performed in this country. The operation was the removal of the entire left arm, shoulder blade, collar bone and the muscles attached thereto of a man forty-six years old. According to the records such an operation has been performed only thrice before, once in France and twice in England. In a few days the patient will be able to leave the hospital a healthier man than when he entered. The patient is Judah Hapren, a native of Russia, his malady was a malignant tumor which affected the shoulder. The operation occupied one hour and forty minutes.

NATIONAL GRANGE.

Closes Its Session at Atlanta, Ga.--Next Meeting at Springfield, O.

ATLANTA, Ga., Nov. 20.—The National Grange closed its ten days session yesterday. Resolution have been passed favoring the Conger lard bill; the Paddock pure food bill, and the meat inspection bill; favoring the opening of the markets of the American agriculture; deprecating socialism and agrarianism, favoring the Australian ballot system; urging the necessity of closely watching the inter state commerce bill to prevent its being annulled; urging the government to foreclose its mortgage on the Pacific railway; urging the relief of cotton producers from the six per cent. tax and favoring the government loaning money to people upon lands or other good security. The Grange adjourned to meet in Springfield, Ohio, next year.

RUN ON A BANK.

Two Thousand People in Line Waiting for Their Money.

NEW YORK, Nov. 20.—The run on the Citizens' savings bank continues to-day and there is a line of 2,000 people now extending from the paying tellers' window for the length of several blocks.

LONDON, Nov. 20.—The regular meeting of the Bank of England was held to-day. No change was made in the bank's discount rate. In the open market the discount rate is nominal, 7 per cent. The stock market at 12:30 p. m. was better all around and it is thought that the worst is over, although sharp fluctuations seem inevitable.

Bear Wine Shots.

NEW YORK, Nov. 20.—Efforts to bring about a match between two of the best wing shots in the world, Chas. MacAlister, of Philadelphia, and Captain Elliott, of Kansas City, are being made. Both are willing to shoot for $2,000 aside, and if Captain Elliott will agree to shoot at thirty yards rise and fifty yards boundary, the match may be completed within a week.

England's Queen.

LONDON, Nov. 20.—The Queen returns to Windsor to day from Scottland. The castle has been thoroughly renovated for her reception, although in deference to her wishes electric lights have not been introduced. The Queen is in excellent health.

Go to Prison.

FORT SMITH, Ark., Nov. 20.—In the United States court last evening Carroll Collier, alias Texas Collier, and Bud Maxfield, a half blood Cherokee, were sentenced to the Kansas penitentiary—Collier for twenty-three years and Maxfield for sixteen.

$1,000 For a Life.

FINDLAY, O., Nov. 20.—The jury in the famous case of Mrs. Josephine Wertz against the Toledo, Columbus and Cincinnati railroad, in which the plaintiff sued for $10,000 for the accidental death of her husband on the road named, brought in a verdict of $4,000 for plaintiff.

ROCKEFELLER'S RAILROAD.

The Millionaire Secures Control of the Northern Pacific.

NEW YORK, Nov. 20.—The World this morning says: "The greatest piece of news on Wall street yesterday was that John D. and William Rockfeller, the Standard oil magnates, had secured control of the Northern Pacific railroad, which practically means the ousting of Henry Villard. They are known to have been heavy buyers of Northern Pacific preferred, during the late decline in values.

The Rockefellers bought at the request of Jay Gould. They have not hitherto engaged in railroad operations and their wealth is so great that once having embarked in railroad affairs, it is in their power to dominate. There is a scheme on foot to provide connections for the Northern Pacific, which will make it an uninterrupted railway line from the Atlantic to the Pacific. By its alliance with the Wisconsin Central it already reaches from Puget Sound to Chicago, and its route thence, it is said, will be by the way of the Baltimore and Ohio.

SALVATION ON WHEELS.

A Chapel Car to be Run in the North For Missionary Work.

ST. PAUL, Minn., Nov. 20.—The Baptists are to have a rolling tabernacle—a chapel on wheels—which is to travel all over the northwest, carrying two missionaries. The car is sixty feet long and ten feet wide. At one end a space about nineteen feet long will be fitted up for living purposes. The remainder of the car will be fitted and furnished as a chapel.

This car will run upon the extended system of the Northern Pacific and Wisconsin Central railroad, and doubtless upon other roads also. In summer the car will be supplanted by a tent. The original suggestion and effective advocacy of the car belong to the Rev. Wayland Hoyt, of Minneapolis, his brother, Colgate Hoyt, Charles L. Colby, of New York, and some other gentlemen will pay all expenses of building. The American Baptist publication society have accepted the car and pay the expenses of the missionary.

ROYAL WEDDING.

Marriage of Princess Victoria, the German Emperor's Sister, and Prince Adolph.

BERLIN, Nov. 20.—Princess Victoria, of Prussia, sister of the emperor, was married yesterday to Prince Adolph, of Schaumberg-Lippe. The ceremony took place in the chapel of the Alte Schloss. The court chaplain, Dr. Dryander, officiated, assisted by the clergy of the Dom Kirche. The Duke of Connaught represented the Queen of England, and the Duke of Clarence represented the Prince of Wales. A royal crown was placed upon the head of the princess by the Empress Augusta and the Empress Frederick as she entered the chapel. Her wedding dress was of cream satin, brocaded and trimmed with costly lace, the train embroidered with wild roses and silver. The veil was of tulle, enwoven with silver and surmounted by a wreath of orange blossoms and myrtles.

IN EACH OTHER'S ARMS.

The Sensational Suicide of Two Elmira Lovers.

ELMIRA, N. Y., Nov. 20.—The bodies of A. L. Pierce and Miss Lou Woodward were found in a woods near Willawanna, a small station on the Delaware, Lackawana and Western railroad, not far from here yesterday. They were locked in each others' arms and a bullet hole in the temple of each, a revolver lying near by showed that Pierce had probably first shot the girl then himself. He was about thirty five years of age and married, while the Woodward girl was seventeen and single. A couple of months ago they eloped, and Pierce was arrested, tried and acquitted on the charge of abduction. They then disappeared again, and nothing had since been heard of them until the bodies were found today.

Would Not Reveal Their Action.

PITTSBURG, Nov. 20.—The grievance committee of railroad organizations has concluded its session, and the members have left the city as quietly as they arrived, having transacted an enormous amount of business. What this business is will probably not be known until the moves are made at intervals at different places over the country. The only statement made by the committee was given out yesterday. "We have adopted an agreement and elected our committeemen to transact any business that may come up during the ensuing year."

The Indian Outbreak.

MINNEWAUKEE, N. D., Nov. 20.—The Sioux Indians on the Devils Lake reservation adjoining this town are not especially stirred up as yet. All the troops at Fort Totten have been removed to Standing Rock. The citizens here are uneasy, but it is not believed that the Indians contemplate an outbreak.

CRIMINALS CORNERED.

Three Toughs Arrested For Robbing Adams & Armstrong's Store--Sensational Developments.

A gang of thieves, who would not even hesitate at murder to accomplish their evil designs, have been lurking in this city for some weeks, as has been evidenced by the bold deeds perpetrated during that time. Their presence is a menace to life and property. Two nights ago Officer John Kennally had a hand-to-hand conflict with two such characters on Broadway, during which melee a revolver was placed to his breast. Three fellows were bound over yesterday in the sum of $500 each to await trial. Goods in their possession were identified by D. N. Sherry, of Elida, Ohio, who arrived in the city last night.

Another robbery was committed last evening at the store of Adams & Armstrong, wholesale milliners, at 109 Calhoun street, and the arrest of three suspicious looking characters on Broadway, soon afterward, has produced some interesting developments. Access to the store was gained by removing a pane of glass from a rear window. The result of their operations was first discovered by Watchman Hohmeyer, who reported to the police headquarters at once. An investigation showed that only $5.50 worth of postage stamps, of the one and two cent denominations, were missing. Officer Kennelly arrested three men, as stated, about 9 o'clock. While en route in the patrol wagon to the police station, one of the prisoners was seen to throw away an instrument which proved to be a new chisel, the point of which was nicked, indicating that it had been used for some illegitimate purpose. Later Prosecutor Robinson found particles of steel on the ground under the window where the thieves operated at Adams & Armstrong's, which fitted perfectly into the nicks of the broken chisel, proving beyond a doubt that these men committed the robbery. They also had stamps in their possession.

A sensation was developed this morning by the appearance of Marshal W. A. Parks, of Peru, accompanied by F. M. Drumm, of the general store of Shirk & Miller, of the same place. Mr. Drumm identified the goods worn by the three prisoners as having been stolen from the above named store. He furthermore displayed goods from the stock in the store, which corresponded with the goods alleged to have been stolen, the trade marks and price tags not varying in the least. The stolen goods, Mr. Drumm said, were valued at $1,200. Marshal Parks had worked upon the case until he discovered that the thieves had $1,000 worth of goods stored at the house of Mrs. Beams, in Peru. The authorities there learned of the arrest of the two thieves Tuesday night and thinking they were their men, they came on just in time to identify the real thieves. Two charges hang over the men at Peru which would aggregate a punishment at least of twenty years imprisonment in the penitentiary for the three of them. Prosecutor Robinson refused to hand the prisoners over, as he has sufficient evidence to convict them. They were arraigned before Mayor Harding, giving their names as Frank Manning, Joe. Burton and Will Richmond. Waiving a preliminary hearing they were bound over in the sum of $500 each. The prisoners are a tough looking set of fellows. There is reason to believe that they have been operating in harmony with the two fellows arrested Tuesday evening and they form a part of an organized crowd. The arrests so far accomplished make a good beginning. Let Chief Wilkinson and Marshal Franke urge upon their men the importance of keeping it up and there will be fewer highway robberies and other crimes to chronicle.

SCOTTISH RITE MASONS.

Judges Dawson and Pollard Respond to Toasts at Indianapolis.

Scraish council, Princes of Jerusalem, met yesterday afternoon at Indianapolis and confirmed the fifteenth and sixteenth degrees on thirty-five candidates. The work was performed with the elegant new costumes that belong to one of the costliest wardrobes in the country. The sir knights of Indiana have the name of conferring degrees with an impressiveness equal to any other Masonic body in the world.

The banquet began at 5 o'clock, with covers laid for 400 guests, Dr. P. C. G. Hunt presided and John R. Wilson delivered the address of welcome. Toasts were proposed and responded to as follows: "Our Country," C. M. Dawson, Fort Wayne; "The Fort Wayne Bodies, Scottish Rite," Judge Zollars, Fort Wayne; "The Class," Dr. W. E. Jeffries, Indianapolis. The seventeenth and eighteenth degrees, Chapter of Rose Croix, were conferred on a class of sixty last night, and to-day the same number took the remainder of the degrees up to and inclusive of the thirty-second. The convocation is regarded as one of the most successful ever held.

Voluntary Assignment.

CHICAGO, Nov. 20.—The T. C. Austin manufacturing company made a voluntary assignment in the county court yesterday to J. F. Snyder. The assets and liabilities are not given but are estimated at between $25,000 and $40,000. The concern manufactured agricultural impliments.

BIG FAILURE.

A Flurry at Philadelphia Over the Failure of a Banking House.

PHILADELPHIA, Nov. 20. — Barker Brothers, bankers and brokers of this city, have made an assignment for the benefit of their creditors. Their liabilities have not yet been made public. This is Wharton Barker's firm. They are largely interested in Reading securities, Oregon Pacific bonds and Baltimore and Ohio car trusts. The firm had a small line of deposits.

A great flurry was caused in the stock exchange about noon to-day, when it became known that the large and well known banking house of Barker Bros. & Co. had made an assignment. As soon as the announcement was made there was a general fall in stock. Vice-President Bachman, of the exchange, when asked about the suspension, said: "All I know about it is that word came from the Barkers stating that they were compelled to make an assignment. I do not know anything about their assets or liabilities. In fact, I do not even know the name of the assignee. Stocks fell, but it will not make much difference in the stock market, as they have not been dealing in stocks to any extent. They have been interested in outside speculations I suppose, and to this probably, is due their assignment."

Inquiry at the office of Barker Bros. & Co., this afternoon, failed to elicit any information further than they had made an assignment and that perhaps some statement would be made later in the day. The firm consists of Wharton Barker, Abram Barker and Joseph Wharton. Mr. Wharton Barker is president of the finance company. The firm also controls the Wharton switch company, and gained a world-wide reputation some time ago by its inter-telegraphing banking scheme. They are also the Philadelphia correspondents of Baringe, the great London bankers, who were in difficulty recently.

SLICK SWINDLER.

A Young Man by Forgery and Robbery Secures $25,000 From a Bank.

ROCHESTER, N. Y., Nov. 20.—Moses S. Marks, a young man living at 264 Central avenue, was employed in the Flour City bank until fifteen months ago, when he was discharged. Yesterday afternoon Marks went to the Western Union telegraph office and sent a message to the National Bank of Commerce, of New York city, the correspondent of Flour City Bank, asking it to send by express to the Flour City Bank, $25,000 in currency, in $10 and $20 bills. Marks signed the dispatch in the name of Wm. Augustus Waters, cashier of Flour City Bank.

This morning Marks went to the American express office, and upon the arrival of the package of money from New York, signed for it, took the money and disappeared. Then robbery and forgery was discovered when Cashier Waters received this morning's mail to-day and found in it a letter from the National Bank of Commerce advising him of money sent, Mr. Waters was taken completely aback, as he had not ordered the money. He sent at once to the express office to learn whether the money was there.

The express company said the money has been delivered to Marks, as it was supposed he was still connected with the bank. It was then that the forgery and robbery was discovered. Word was sent to police headquarters and Chief Hayden immediately started out with officers of the bank to work on the case.

At the American express the officials stated that they had been told by the detectives to say nothing about the matter. Cashier Waters stated that never before had money sent by express to the bank been delivered to a representative of the bank. The money packages were always sent to the bank.

"We send money to the express office by messengers," said Mr. Waters, "but the express should have delivered money for us at the bank." Marks is twenty-four years old. He entered the service of the Flour City bank at the age of sixteen years and rose to the position of note teller. His industry and capability were recognized by the officials of the bank and about two years ago he was promoted. He was not discharged for any dishonest act.

Through the influence of Joseph H. Dier, a friend of the Marks family, a position was given the young man as traveling salesman for the firm of Moore & Dier, clothing manufacturers.

About two months ago a dispatch to the Post-Express, from Indianapolis, announced that Marks, who had gone to Indianapolis in the interest of the firm, had suddenly left that city without paying his hotel bill. Marks left his samples, which he opened only for display, in the Bates house.

Manager Geary made arrangements to have Sampson pull against two of Ryan's strongest horses on the Academy stage every evening this week.

PETTIT'S FATE.

The Wife-Murderer Sent to Prison for Life---Close of the Remarkable Trial.

CRAWFORDSVILLE, Ind., Nov. 20.—The trial of W. F. Pettit, charged with poisoning his wife, was brought to a conclusion last evening, and after the judge had read his charge the case was given to the jury. The arguments were concluded by A. B. Anderson, who, in a speech of six hours, made a masterly review of the case.

The trial has been in progress for almost six weeks, and great interest has been manifested in this section of the state, on account of the prominence of the defendant, who is an ex-Methodist minister. There is a great difference of opinion as to what the verdict will be. During the last hours of the trial the court room was jammed so that fears were expressed as to the safety of the building. College classes were excused so that the students might hear the pleading, and for the past few days business has been interfered with, the trial being the all-absorbing topic of conversation.

THE VERDICT.

The jury in the Rev. W. F. Pettit murder case brought in a verdict of guilty this morning, sentencing him to imprisonment for life. Pettit was charged with poisoning his wife.

ORDERED HIS FUNERAL PRANT.

A Departing Citizen's Odd Request to His Friends.

FINDLAY, Ohio, Nov. 20.—John Walters, a pioneer of this part of the state, died at his home near Rawson, in this county, Sunday, and the funeral occurred to-day. Walters was a queer sort of an individual and had many peculiar notions regarding things in general and himself in particular. Recognizing that he must soon die, he gave out the most minute instructions as to how his funeral and burial were to be conducted. He was a great lover of chickens and selected several favorite fowls which he gave instructions should be killed for the "funeral dinner." He also left directions as to how all the family should dress on this solemn occasion and just who should be permitted to follow his remains to the grave. His family will carry out all his instructions to the letter.

FATAL WALK IN HIS SLEEP.

Somnambulist Drowned During One of His Nocturnal Journeys.

MADISON, Ind., Nov. 20.—Ernst Austermuehle, aged fifty, a well known brickmason, of this city, was found drowned in a small creek which runs through Milton, Ky.

He had been working upon the new warehouse of the Richwood distillery. Night before last he was found wandering around in a somnambulistic condition, and it is supposed, after retiring last night he again wandered in the creek and met his death.

THE year 1890 has but forty more days.

THANKSGIVING day is one week from to-day.

THE Indians of Dakota are on the war path.

THE merchants are preparing for the holiday trade.

THE moon is taking the place of the electric lights at present in the city.

THE annual meeting of the state farmer's alliance is being held at Indianapolis.

THE literary societies of Taylor University offer entertaining programs for to-morrow evening.

BUT few Fort Wayne citizens would care to return to the days of the wide-open Sunday saloons.

THE Indiana Consistory of Scottish Rite Masons which is in session at Indianapolis, adjourns to-morrow.

THE board of directors of the Fort Wayne Fair and Exposition meets this evening for the transaction of business.

THE articles of incorporation for the Fort Wayne Exposition and Fair Association were filed with the county recorder yesterday.

EVANSVILLE has passed a cow ordinance, and the local press exultingly alluded to it as one more stride in the direction of a metropolis.

THOSE who use natural gas in their residences and business places are not bothering their brains about the probable price of coal and wood this winter.

AT THE session of the Knights of Labor yesterday at Denver, Col., resolutions were adopted demanding the free and unlimited coinage of silver, and the passage of the Australian election law.

THE officers of the Indiana division of League of American wheelmen have decided to issue, as soon as possible, a bicycle road book of Indiana with a map and information of interest to bicyclists. An Indiana race meeting is to be held in Indianapolis next July.

THE biggest industrial deal of the period was completed yesterday in Illinois by the incorporation of the American Harvester company. All the mower and reaper interests in the country were merged in one gigantic corporation with a capital stock of $35,000,000.

TWO hundred conversions have already attended the evangelistic labors of Dr. Munhall, at Shelbyville. Yesterday an all-day meeting was held, and between 1 and 2 o'clock the business houses and even the saloons closed, in order that the men might attend the services.

WM. DWYER, formerly a prominent police official, met W. O. Fishback, editor of the Morning Express, at Terre Haute, Tuesday night and gave him a sound threshing. The trouble was over an editorial published which was not complimentary to Dwyer. There were no arrests.

THE expense of holding elections under the new system is undoubtedly very heavy, but the people can afford to pay it if it secures the purity of the vote, remarks the Peru Journal. Probably no more money is spent than under the old system, but the difference lies in the legitimacy of the expenditure, resulting in the benefit rather than the demoralization of the voter.

THE accounts of A. E. Steele, mayor of Marion, are tangled up, and he has tendered his resignation. Last week a deputy, representing the attorney general, discovered a shortage of $400 due the state, but after several attempts to secure a settlement only $175 was paid. On election day the mayor left for Nebraska, and further investigation showed $900 in his hands unaccounted for, the major portion of which was due other officials on fees collected. He was recalled by telegram, and last Friday he resigned, after which he again left the city. He was elected mayor eighteen months ago. It is not believed the shortage is large. Mr. Steele is a fine criminal lawyer, and he enjoyed a handsome income. His downfall is attributed to dissipation.

THE criminal libel suit brought by C. O. Fenton, of the Logansport Times, against W. B. Jenkins & Sons, editors and proprietors of the Winamac Republican, came to an abrupt termination yesterday, at Logansport, the defendants changing their plea to guilty when the evidence had been submitted, and throwing themselves on the mercy of the court. They were fined $10 and costs each. During the campaign the two papers became involved in a heated controversy, resulting in the Republican publishing that Fenton had once criminally assaulted a girl.

THE suit brought by the widow of Anthony Thiele, of Evansville, against the children of her deceased husband, for a share in the estate, has been compromised in court, the widow getting altogether about $9,000. The plaintiff was divorced from Mr. Thiele some years ago, and she joined in all deeds and legal instruments from that time until his death. She claimed one-third of the estate as a widow's right, and insisted that her divorced husband made her believe that if she would love him again no marriage ceremony was necessary to make their reunion binding.

THE city department of the Young Men's Christian Association has adopted a new method of raising funds for the liquidation of their indebtedness. Subscription cards are used and persons can take one, fill it out for the amount they desire to subscribe and take their own time for payment. One of the popular subscription cards is for $5.20. The payments can be 10 cents a week and within the year the donator can pay the amount of his subscription without feeling the loss of the money he has given for such a worthy cause. With this plan every dollar of the indebtedness of the association ought to be wiped out.

THE city council of Terre Haute has passed an ordinance requiring the police to enforce the state law closing saloons at 11 p. m. and on Sundays. This is the first general attempt to enforce the Sunday law since 1875, and the saloon keepers threaten to close up all other kinds of business as well. A petition signed by over 2,200 women and one signed by 1,500 voters were presented, and a committee of fifty of the most prominent church women and as many prominent business men attended the council meeting in the interest of law and order. The reputation which the city has always had of being a wide open town must now come to an end.

TO AN INSANE ASYLUM.

A Huntington Lady Who Has Been an Inmate of the St. Joe Hospital of This City.

Sheriff Wintrode, of Huntington, was in the city Tuesday to take Mrs. Susan Kelley from the St. Joe hospital to the insane asylum at Logansport. He was accompanied by Luther Cummings, who is guardian for the unfortunate woman.

When they arrived at Logansport, says the Huntington Democrat, the asylum authorities searched the woman and in her clothing they found her pocketbook which contained $590 in money and a note for $550 signed by responsible people in New York. Besides these she had a fine gold watch. She had kept all these things from the knowledge of the hospital authorities. When about ready to start from the hospital at Fort Wayne, she suddenly refused to go and caused so much disturbance that Sheriff Viberg and the patrol wagon were called and she was hauled to the depot. The officers finally induced her to think she was going home and she became quiet, but when she saw the train leave Huntington she became violent again and yelled "murder" all the way to Wabash. The soothing quintude that always prevails around that little town seemed to have its effect on her and she ceased her screams. She was finally lodged safely in the asylum at Logansport.

You, You're Right.

The Angola Herald says: "The boy who spends his evenings at home reading newspapers, the local news of his own town and county and the general news of the day, and in reading some useful books, will certainly make a better man, everything else being equal, than the boy who spends his evenings on the streets and loafing places where the town gossip is dished out in the most vulgar and profane manner. The tastes are cultivated so as to lead them by choice to engage their evenings in this profitable way, and few criminals and fewer criminals and drunkards would be the result."

Everybody knows scrofula to be a disease of the blood, and Hood's Sarsaparilla is the best remedy for all blood diseases.

A London dealer has for sale, at $5 each, 4,000 second-hand sermons.

A LICENSE AND A BOND

Are Thought Necessary to Shut Out Curb-Stone Real Estate Dealers.

Initiatory steps are being taken to unite all of the legitimate real estate dealers of the city in submitting a petition to the common council to have a license assessed against all real estate dealers, and that each dealer be required to furnish satisfactory bonds. This rule is already in force in some of the larger cities. At Wichita, Kas., the license is $25 a year, and at Kansas City it reaches double that amount. It is claimed there is merit in the license rule in a protective way. A prominent real estate man said to a SENTINEL reporter: "This license would help us in this way: We have in Fort Wayne thirty or thirty-five fair and square real estate dealers. Aside from these we have what they call 'curb-stone' dabblers in real estate, who by various methods manage to eke out an existence by this and other occupations. These dealers oftentimes misrepresent matters and prostitute the business. They make but little and hurt legitimate dealers. The only way to keep the ranks clear of these drawbacks is to require a license and a bond."

St. Patrick's Fair.

The supper and festival given last night at Library hall for the benefit of St. Patrick's church was a grand success. About five hundred people were present and were entertained by Reineke's orchestra. An elegant supper was served and all had a pleasant time. The ladies doing the honors at the different booths are as follows:

Candy booth—Miss Rose Gordon, assisted by Miss Mary Gordon and Maggie Gaffney.

Fancy booth—Mrs. P. H. Kane, chief; assisted by Miss Mane Breen, Mrs. McBennett, Mrs. A. Golden, Mrs. Al Moran, Mrs. William Schoenbein, Miss Mary Schneider and Miss Mamie Mannix.

Bric-a-brac booth—Mrs. A. C. Trentman, chief; assisted by Mrs. R. W. T. DeWald, Mrs. Tony Trentman and May Trentman.

Ice cream booth—Miss Kitty McDougall, chief, assisted by Miss Josephine Albert, Miss Ella McCarthy and Miss Shaughnessy.

The supper department is under the supervision of Mrs. Dr. J. M. Dinnen, chief, and a large corps of assistants. The ticket window is in charge of Mr. Michael Houlihan, and at the door are Councilman Gordon and Dennis McCarthy. The officers in charge of the entertainment are: Geo. P. Gordon, president; W. G. Gordon, secretary, and James Breen, treasurer. The fair continues to-night.

LOCAL LINES.

Albert Schroeder, of Miner street, is quite ill.

The Van Wert Bulletin says: "Miss Hattie Stemen, of Fort Wayne, and Miss Blanche Gibson, of Upper Sandusky, are in town to attend the reception at the home of Miss Josie Wise, this evening."

Henry P. Mawson's thrilling military comedy drama, "A Fair Rebel," which is playing everywhere to crowded houses every night, comes to the Temple, Monday, November 24. The great revolving scene, representing Libby prison, is one of the powerful features of the play.

The unknown man found murdered at Fostoria, Ohio, has been identified as Wm. L. Coffee, of Decatur, this state. When he left Tiffin, Ohio, for home he had several hundred dollars in his possession, besides a gold watch and other valuables, and it was his intention to stop at Fostoria on business matters.

Manager Geary, of the World's museum, has the reputation of being an original advertiser and he comes deservedly under that head. If a new building is being erected all the conspicuous timbers will be sure to have Geary's announcements in all the colors of the rainbow. If a person can turn a corner around the public quarters of the town without meeting Geary's handwriting on the wall that man is an exception. If a pedestrian wades through the mud there is Geary protruding from a mud pile; if he goes down a side street Geary haunts him from convenient nooks or stares at him from the fences and buildings. The fact is Geary is omni-present, or in other words, he is in town and everybody knows it from the little girl or the insuppressible boy in knee pants to the wise sere.

Marriage Vows.

This afternoon at Bingen, in Adams county, at the home of the bride's parents, Mr. and Mrs. Charles Swick, occurred the marriage of Miss Minnie Swick to Mr. Wm. Oetting, of this city. The ceremony was performed by Rev. Hugo, of the Lutheran church, in the presence of over two hundred invited guests, some of whom were from this city. The bride is a lovely young lady and the groom is the well known young dairyman of this city. The young people will reside in this city.

Early in December will take place the marriage of Miss Rose, daughter of Mr. and Mrs. Lewis Griffith, to Sherman Cole, of Valparaiso. The ceremony will be performed at the home of the young lady's sister, Mrs. Robbs, of South Hoagland avenue.

The best medical writers claim that the successful remedy for a sal catarrh must be non-irritating, easy of application, and one that will reach all the remote sores and ulcerated surfaces. The history of the efforts to treat catarrh during the past obliges us to admit that only one remedy has met these conditions, and that is Ely's Cream Balm. This pleasant remedy has mastered catarrh as nothing else has ever done, and both physicians and patients freely concede this fact. The more distressing symptoms yield to it.

$578,345.00/100

DEC 24 1889

CERTIFIED. Payable through New York Clearing House, N. Y. A.

E. C. POTTER & CO.

The above check was received by the Mutual Life Ins. Co. of New York, for insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guaranteed contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commencing the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son-in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantageous and greater security than any other form of investment. Second That they had much faith in the management and standing of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly one, one is cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in mercantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

Any Kind You Want.

The latest development in the "penny-in-the-slot" system is an automatic coffee tavern now on exhibition at Birmingham. The purchaser drops in his penny and pulls a knob labeled with the drink he desires. Then, by pressing a tap, he is able to draw the exact quantity. There are two plated cups for the use of customers, and a second tap gives a contant supply of water for rinsing. Each reservoir of drink holds seven gallons, and tea and coffee are kept hot by an unseen gas burner. The automaton turns the gas out when the reservoir is exhausted, and displays a notice "Empty" in front. Iced drinks are to be sold through the same machines, which can also be utilized for the sale of sandwiches, pies and cakes.

Lots of Fun.

(Indianapolis Sun.)

They had lots of fun in Fort Wayne the other day over a very dead, eleven foot boa constrictor which a colored kid had yanked from its sepulchre and dragged through the streets. Natives thought it was alive and fled in wild alarm.

Vigorous Men and Women.

The vigorous are they who pay attention to the laws of health, of which one of the foremost is, Take care of your digestion. Should a temporary attack of the enemy, dyspepsia, surprise you, foil its subsequent assaults with Hostetter's Stomach Bitters. From the stomach come the fundamental supplies which minister to vigor, and, thoroughly transmuted into blood actively circulated, are the mainstay of the system. Pallid in countenance, nervous, attenuated in figure, appetiteless, poor sleepers, are the dyspeptic. Reinforced and built up by the great stomachic, the wan and thin increase in color and bulk, appetite improves, nervous symptoms disappear, sleep grows tranquil and refreshing, and the intranquility of mind and despondency notable in love sis gives place to light heartedness, a capacity for racy enjoyment of the good things of this life. Use the Bitters for malarial, bilious, rheumatism and kidney troubles.

HOOSIER HITS.

Mrs. Leonard C. Piepenbrink, of Huntington, whose marriage occurred on Saturday last, attempted suicide yesterday by swallowing morphine.

The drivers at the Jumbo and other mining shafts in Clay county are on a strike, and nearly 1,000 miners are temporarily thrown out in consequence. The drivers demand $2 per day.

August Arndt, near Romney, while hunting rabbits, accidentally dropped his gun in such a manner that it was discharged, and the load took effect in his abdomen, causing frightful injuries.

The auditor and treasurer of Crawford county have petitioned the county commissioners for better offices in which to transact business, and this has revived the old county-seat war, in which Marengo, English and Grantsburg are the chief contestants.

James Stare, of Bloomington, induced a Salem bank to cash a draft, which proved to be fraudulent. He then returned to Bloomington, and while dissipating fell and broke his leg. This was followed by his arrest, and he has been returned to Salem for trial, notwithstanding his injuries.

Two Bottles Cured Her.

CARROLL, IA., July, 1889.
I was suffering 10 years from shocks in my head, so much so, that at times I didn't expect to recover. I took medicines from many doctors, but didn't get any relief until I took Pastor Koenig's Nerve Tonic, the second dose relieved me and 2 bottles cured me. S. W. PECK.

Best Brain and Nerve Tonic.

Madisonville, Hamilton Co., O., May, 1889.
Pastor Koenig's Nerve Tonic had a wonderful effect on me. I contracted my disease from exposure, in 1883. At first I had cramps in the stomach, then I could not sleep, and when I did I had horrible dreams, and at last it turned into epileptic fits. I was thus constantly living in fear to loose my mind, or that I would die suddenly. To get relief from all these tortures I tried many kinds of medicines, but of no avail until I took Pastor Koenig's Tonic; since then I go to bed early, sleep well all night, and cannot be thankful enough for the good the Tonic done me so far. I firmly believe that it is the best Brain and Nerve Tonic. PETER BIEL.

Our Pamphlet for sufferers of nervous diseases will be sent free to any address, and poor patients can also obtain this medicine free of charge from us.
This remedy has been prepared by the Reverend Pastor Koenig, of Fort Wayne, Ind., for the past ten years, and is now prepared under his direction by the

HOUSEHOLD WORDS ALL OVER EUROPE.
VAN HOUTEN'S COCOA
"BEST & GOES FARTHEST."
Now that its manufacturers are drawing the attention of the American public to this *first* and, ever since its invention, the *best* of all cocoas, it will soon be appreciated here as well as elsewhere all over the world. All that the manufacturers request is simply *one trial*, or, still better, a comparative test with whatever other cocoa it may be; *then* VAN HOUTEN'S COCOA *itself* will convince every one of its great superiority. It is because of this superiority that the English paper *Health*, says: "Once tried, always used."
To avoid the evil effects of Tea and Coffee, use constantly VAN HOUTEN'S COCOA, which is a STRENGTHENER of the NERVES and a refreshing and nourishing beverage. 152

Looking out over the many homes of this country, we see thousands of women wearing away their lives in household drudgery that might be materially lessened by the use of a few cakes of SAPOLIO. If an hour is saved each time a cake is used, if one less wrinkle gathers upon the face because the toil is lightened, she must be a foolish woman who would hesitate to make the experiment, and he a churlish husband who would grudge the few cents which it costs.

WINTER WISDOM.

[Exchange.]

Don't be afraid of fresh air, but avoid draughts.

Don't go out of doors for a second without extra covering.

In selecting your winter underclothing, choose that which is warm and yet more or less open in texture.

Take off your overcoat when you enter a warm place, whether office or private dwelling, even if your visit is to last only three minutes.

Try to catch cold or develop a cough, get rid of it at once. This is better than feeling "blue" and thinking that pneumonia or consumption has marked you as a victim.

The best remedy for a cough or cold (however stubborn), or sudden chill, is pure whiskey. A dose of whiskey in water will impart a generous warmth to the whole body and keep off the disease of the season.

Don't forget that only pure whiskey should be taken. Duffy's Pure Malt Whiskey has the strongest recommendations from the leading doctors as to its efficiency, and from the most prominent scientists, as to its purity. It is the only standard medicinal whiskey. Take no other from your druggist.
